Atlantic Centre's Participation in the Seminar in Abidjan

The Atlantic Centre (AC) participated, from May 14 to 16, in the "SAFE SEAS FOR AFRICA PROJECT – High-level Seminar on Cyber Governance for Maritime Organizations in the Gulf of Guinea", held in Abidjan, Côte d'Ivoire, which also included the inauguration of the new Interregional Maritime Security Institute (ISMI) building.

Commander Hélder Fialho Jesus represented the AC, delivering presentations on “Hybrid Threats” and “Cybersecurity Governance and Leadership”, further reinforcing the AC’s contribution to maritime and cybersecurity in the Gulf of Guinea.

This participation strengthened the partnership with ISMI and highlighted the AC’s commitment to cooperative security in the Atlantic.
