

The Kingdom of Belgium Joins the Atlantic Centre

12 february 2026

On 12 February, the Kingdom of Belgium formally joined the Atlantic Centre as its 28th Signatory State.

With this step, the Atlantic Centre strengthens its presence in Western Europe and highlights the region's growing relevance, as reflected in Belgium's role within the Atlantic context.

We celebrate the Kingdom of Belgium's decision to join, which represents another significant step in strengthening an Atlantic Community of shared interests that continues to expand and consolidate as a space for dialogue, cooperation, knowledge production and capacity-building.
